

Department: Physical Education
Course Name: Physical Education 6

Course Description:

Our students will demonstrate a comprehensive understanding of the important role of physical education, fitness, and healthy play in our personal lives and in society as a whole. They will possess the skills necessary to perform team and individual sports as well as maintain fitness and body control through various physical, mental, and social activities. A major emphasis will be placed on improving the four components of fitness: muscle strength, muscle endurance, cardiovascular fitness, and flexibility. Our program is to improve skill acquisition and physical fitness to develop healthy behaviors to promote lifelong wellness.

Content:

Volleyball
Football
